

About Us

- **Our Background**

Activate Care offers the industry leading solution for social determinants of health. Our Activate CareHub™ platform enables real-time coordination between health care and community services for vulnerable populations. Our team is focused on helping you generate ROI and improve quality of life for the people you serve. Established in 2013, we have extensive experience working with whole person care teams. We are a team of 40+ people working with programs across the country. Activate Care is a nationally recognized provider of community-based care coordination technology.

- **Our Why**

We are on a mission to help the world act differently to achieve better health outcomes. We believe it takes a community to unify health and social care to make an impact. We started Activate Care because of our personal experience managing care for loved ones facing significant health challenges. We believe that engaging communities is the only way forward.

- **What We Offer**

Imagine if our healthcare system seamlessly coordinated care around all of our physical, behavioral, and social needs. With Activate Care, this is the new standard of care. We provide these resources to help make this possible:

 **Community Coordination**

 **Referral Management**

 **Data & Analytics**

Established in 2013, Activate Care is a nationally-recognized provider of community-based care coordination technology. Activate Care has been selected by national and regional healthcare and social services organizations across the United States to seamlessly facilitate real-time, cross-sector collaboration around patients with complex health, behavioral, and social needs.
